It was felt that there would be more chance of collision if it is one way, as this can make people go faster. Councillors suggested whether they could put a 20 mph speed limit on it. Discussion took place and it was felt that anyone can object to a planning application regardless to where they live in the Country.</p> <p>A Councillor raised that there had been a couple of incidents near Lime Tree Cottages on the bend where there are 3 bollards. A scaffolding wagon hit the bollard almost severely injured a local lady who has walking along the path it had also knocked the middle bollard out, member of the public raised concern that they reported the incident to the police and the police have not been in touch with the victim or the person reporting it regarding the information.
